Dentistry, RCS Eng.

EVENT OUTLINE

- The range of everyday scenarios when dental implants could be considered
- Ways of incorporating implant dentistry and oral surgery within your practice to encourage growth; alone or with expert support
- Assessment, risks, benefits and alternatives involved

This evening offers a great opportunity to meet several of the Highland View specialists and team and enjoy an excellent meal, compliments of Dentex. Sanjay and Philip will be happy to answer clinical questions, share their experiences and discuss their recent partnering with Dentex. We look forward to meeting you.

THIS STUDY CLUB IS FREE OF CHARGE IN LIEU OF A MINIMUM £10 DONATION TO:

Aims and objectives of this course.

1. To increase understanding of scenarios where dental implants could be considered
2. To raise awareness of the risks and benefits involved in dental implantology and oral surgery

Two hours of verifiable CPD will be issued.
